RCCAOI AGM 2017 - RULE PROPOSALS

Use only 1 (one) page per proposal, please mark the total number of pages you send

SECTION:

RULE No:

The proposed rule... ...is New

...should be: deleted amended

PROPOSED BY:

The exact wording of the proposal is:
(The deleted section, or amendments are highlighted in bold, cursive text)
In the interest of good time keeping throughout the event, races will not be delayed for any driver(s) if they encounter a problem prior the race and/or during the warmup period. Races may only be delayed due to technical issues with the timing system.

Change to:
In the interest of good time keeping throughout the event, Qualifying races will not be delayed for any driver(s) if they encounter a problem prior the race and/or during the warmup period. Races may only be delayed due to technical issues with the timing system.
However, in each Final (A, B, C..etc.), a driver may call for a 5 minute delay to carry out repairs. The request must be put the Race Director one minute before the race starts. A final can only be delayed once per leg.
The driver who requested the delay must start the final from the back of the grid.

Remark *In order to get the sense of the proposal please add a small remark*

As a race director, drivers regularly request a delay. I am suggesting this rule change so that we can have an official rule to allow a delay.
Due to the time over a race day that can be added if someone requests a delay in every race, there must be some penalty for the driver requesting the delay.
If someone requests a 5 min delay in every final this can add a minimum of 1 hour onto the race day, bare this in mind when voting for this rule.
